"Recipes My Nonna Taught Me" by Francena MANGIA!! MANGIA!! (EAT!! EAT!!)

Recreate the aromas and tastes of your Nonna's kitchen! This delightful cookbook is filled with old world recipes. A tribute to the author's Sicilian Heritage and her beloved Nonna. The cookbook was written to preserve my Nonna's recipes so they won't be forgotten. Her magic ingredient was the love she added to her food and her cooking came from her heart. It is a simple, easy to follow cookbook and is a must have for your collection. It makes a great hostess gift!

This is the one way that I can continue to spread word of my wonderful Italian Heritage that I am so very proud of...
